Introduction

This survey was designed to give you an insight into how your service is viewed by your customers. The report outlines the information that has been collected and analysed from your customers in the form of tables and graphs. Comparative benchmark data is provided where applicable. From the report you will be able to clearly pinpoint areas where you performed well and also those areas where you feel that improvements may be needed.

Details of your survey

139 patient questionnaires were sent out and 47 completed questionnaires were returned giving a response rate of 34%.

A breakdown of all the questionnaires that were sent out and returned is provided in the following table:

Designation of questionnaires sent out	Number of questionnaires
<b>Returned questionnaires</b>	
Successfully completed by patient	47
Questionnaire blank	1
Questionnaire returned to office undelivered	6
<b>Unreturned questionnaires</b>	
Unreturned questionnaires	85
Total number of questionnaires	139

The number of responses for this question may not add up to the total number of customers surveyed as more than one response option can be selected or the question can be left blank.  
Percentages are of the total number surveyed.

## Customer comments

### Appendix 1 - Specified other reasons for contacting supplier from question 1:

- Because there seemed to be a problem regarding my prescription being passed on to my local pharmacy.
- They actually usually phone me.
- I contacted my supplier but they had to get the prescription from my GP's surgery who took a long time.
- For medical reasons.
- To place an order.

### Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- My stoma nurse helped put me into contact with Fittleworth. I previously got products from a pharmacy. When the chemist left, their replacements practically said they cannot get my stoma stuff anymore as I am their only customer. They couldn't care Fittleworth now supply these essential items and I have no problems anymore. Thank you!
- I have no comment about the supplier. I am very happy with the service I receive.
- Fittleworth's service is most impressive. Every member of staff is warm, friendly and helpful. They each give swift, accurate answers, and the service invariably keeps its promises i.e. contents and times of delivery. Congratulations!
- The only small delay was when the surgery did not confirm the prescription. This was chased up by Fittleworth and myself.
- Dansac adhesive remover does not really do the job of removing the adhesive from the cohesive stoma wrap (ref 839006) I have to use LBF sterile no sting barrier film wipes as well to remove the adhesive which does a better job. Why can't I order air freshener spray online?
- I am very satisfied with my supplier. Deliver promptly when requested. I would however have liked a brochure to see what is available for my stoma.
- The service cannot be improves as it is first class.
- In my regular delivery I do not receive sufficient rubbish bags and I have to ring up and ask for more.
- I would like to receive more dry wipes, as my stoma does bleed easily so I use wipes to wash and dry my stoma as they are very thin and small. I use quite a lot.
- Even though I mostly order by internet, if supplies are delayed because prescriptions from my GP are late, they will inform me by telephone of the delay and contact my GP on my behalf. This is an excellent service.
- I go to the stoma nurse for advice on changing the products as my needs change.
- First class service every single time over several years.
- I sometimes do not receive what I ordered.
- Please could Fittleworth chase up slow GPs prescriptions more quickly otherwise brilliant service. Thanks very much.

## Supporting documents

## Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 47

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	46	1	0	0	0
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(46 \times 100.00) + (1 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (0 \times 0)}{(47 - 0)}$$

Your mean percentage score for Q4a = 99%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

## Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	99	96	98	98	99	100

16354

\*Benchmarks are based on data from 38 dispensing locations surveyed between October and December 2019 with 40 or more responses and a total of 2,879 returned customer questionnaires.
