Introduction

This survey was designed to give you an insight into how your service is viewed by your customers. The report outlines the information that has been collected and analysed from your customers in the form of tables and graphs. Comparative benchmark data is provided where applicable. From the report you will be able to clearly pinpoint areas where you performed well and also those areas where you feel that improvements may be needed.

Details of your survey

147 patient questionnaires were sent out and 80 completed questionnaires were returned giving a response rate of 54%.

A breakdown of all the questionnaires that were sent out and returned is provided in the following table:

Designation of questionnaires sent out	Number of questionnaires
Returned questionnaires	
Successfully completed by patient	80
Patient deceased	1
Unreturned questionnaires	
Unreturned questionnaires	66
Total number of questionnaires	147

Q1: Why did you contact the supplier? To submit a NHS prescription for:

Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- Missed my call.
- The surgery do it, I don't. Have not contacted the supplier the surgery do it.
- Did contact, the supplier always contacts me.
- After my ileostomy several years ago the stoma specialist nurse at the hospital made the initial contact on my behalf.
- Monthly prescription and other things.
- Tracheotomy hard to understand what he's saying.

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- Problems with pouch capacity and subsequent release under pressure (as detailed in my letter 1st July 2019) don't seem to have any importance in Fittleworth's viewpoint and a "reluctance to admit and address this" is thought to be uncomfortably evident (see letter 1st October 2019).
- It's perfect don't change.
- I was first put in touch with Fittleworth by my stoma nurse, as far as I am concerned I have always had good service and if I forget to phone my requirements through, someone always phones or sends a letter to remind me, if I have a small "niggle" it is perhaps the time it takes to receive the goods between ordering and receiving, it is several days. One has to remember this in particular bank holidays, etc.
- Would like information about new colostomy bags. Doesn't explain to me fully online. Would like a leaflet etc., with photos, etc., of new products and how to order them.
- The service that I receive from this company is first class. I have never had any issues with them and on any service measure that you could think of, I would rate them 10/10.
- Re Q11d I was offered these items, I did not require them.
- Just amazing.
- The supplier has supplied me for several years, a very excellent service. No complaints.
- The only times I have any problems is when my GP surgery has not signed off my prescription. I have always
 received a first class service from Fittleworth.
- I have supplies of stoma bags and flanges cut to order also spray supplied and night bags, free wipes and disposable bags. The staff are always helpful when I telephone.
- Happy with the service I call to ask for supplies for my dad. Very polite and helpful. Prompt delivery.
- All good. Thank you.
- On occasion there has been a delay in supplies. This seems to be a problem with communication with our GP and forwarding my prescription. I have been told that this is because my GP doesn't use a fax machine.
- A grossly excessive amount of complimentary wipes and bags are supplied, in spite of requests not to do so. The number of packages accumulated is too great to store and end up in the bin.
- I have always had excellent service from Fittleworth over the past many years. They always ring me in plenty of time for my order. The operatives are always very polite and helpful. I have no complaints.
- I have dealt with Fittleworth for several years. In all that time they have provided me with an excellent delivery service, always prompt and delivered on the date given. When speaking to them on the telephone they are always professional, helpful and very polite and efficient and in several years this has always been my experience without question. It's a pleasure to speak with their members of staff.
- I am very grateful to my supplier they give an excellent service. They are very polite after you have told them what you need they double check with you and ask if there is any else you require. I would like to stay with my supplier because of their excellent service they give they give you date of delivery and they are delivered on that date they could not be more helpful.
- The questions are varied but overall the service is the best I have ever had. P.S. The staff are so polite and kind. Thanks a million.
- I would like the email confirmation of my order to state what the order is.
- Always there on time very helpful. Good service also good products.

Customer comments

- Fittleworth are very good and highly rated by myself so I have no comments how they could improve. As far as Q8 is concerned, my prescriptions I ring Fittleworth for vary slightly each month and they get a prescription from my doctor to cover my request and they give a very good service.
- I have not been able to answer most of these questions as my GP applies for my supplies for the last few years. When I used to apply for them myself, I found Fittleworth provided superb service.
- Fittleworth very friendly, easy to talk with. Thank you Fittleworth. Exceptional service.
- The service Fittleworth supplies is generally very good, polite and delivery usually within two weeks unless prescription problem at doctor's surgery and they let me know if there is going to be a delay.

Fittleworth Customer Feedback Report

Number of customers providing feedback: 80

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 80

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	75	4	0	0	1
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

(number of Very good ratings x 100.00) +(number of Fairly good ratings x 66.67) +(number of Fairly poor ratings x 33.33) +(number of Very poor ratings x 0.00) +(number of Don't know ratings x)

 $(75 \times 100.00) + (4 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (0 \times 0)$

(80 - 1)

(total number of customer responses - number of Non rated responses)

Your mean percentage score for Q4a = 98%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean	Benchmark data (%)*					
	score (%)	Min	Lower Quartile	Median	Upper Quartile	Maximum	
Q4a Polite and took time to understand needs?	98	96	98	98	99	100	

*Benchmarks are based on data from 38 dispensing locations surveyed between October and December 2019 with 40 or more responses and a total of 2,879 returned customer questionnaires.
