## Customer comments

### Appendix 1 - Specified other reasons for contacting supplier from question 1:

- Clinic arranged the supplier.
- We do not contact the supplier, they ring us.
- Fittleworth have always contacted myself since taking over from my previous supplier.
- To have an extra item added to my prescription.
- NHS contacted you.
- The hospital and district nurse told me about your company for catheters - N/bags D/bags.
- I contact the health centre (prescription service) who contact Fittleworth.
- I am replying for my husband.
- Where are my goods?
- I was given the address at the hospital where I had my operation.
- They normally contact me.
- Recommended by urology nurse from King's Mill Hospital, Mansfield.
- To get my prescription ready.
- King's Mill Hospital, Sutton, Notts. Got them for me through Fittleworth after an operation.
- I do not contact the supplier myself. Contact is made on my behalf by NAMS (Notts Appliance Management Service).
- To obtain a toilet bag for my stoma supplies.
- The delivery was short of one item due to the prescription not as requested. The problem originated with the GP and resolved quickly.

### Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- The service is very good.
- Delivery can be slow (seven days from prescription being ordered) and has to be chased up. Prescriptions have been mislaid in the past and have to be reordered.
- User confused about supply of product - when needs extra, used to contact supplier who arranged everything (prescription from surgery) now write to her confusing her. Initial product discontinued - samples sent but no support offered in choosing alternative.
- They give you 30 wipes in order so that means one per cleaning and changing of each stoma bag. You have to use at least four wipes on each stoma change. They could send 100 wipes bags.
- I don't think there could be any improvement the staff are very friendly on the phone what I ever order it is delivered on the date they say, so me and my husband are very happy with your service. Thanks.
- I would just like to confirm my answers regarding contact are in respect of NAMS, who I initially contact. I have only ever contacted Fittleworth directly on one occasion, but they were equally helpful.
- All contact with Fittleworth over many years has been consistently positive. All aspects of supply/delivery/support/professionalism are of an excellent standard. I have no bad words to say and would recommend them to everyone.
- I am very happy with the service I have received for many years since my stoma operation.
- Very good.
- Always found the staff and service provided excellent. Thank you.
- I find the service excellent, never had any problems at all with them. They deliver on time and are cheerful too.
- When first started using Fittleworth for my products, delivery arrived within three days, but recently delivery is taking over a week to arrive, otherwise very satisfied with the service provided.
- The free disposable wipes are very poor and small. You need more at a time to use them. Before they had bigger and stronger wipes that were excellent. They need to go back to the old type, as they are more efficient.

### Customer comments

- Since last year when I had the operation Fittleworth have supplied me with my NHS prescription. They have also made two appointments for me to see a stoma nurse, when I had soreness problems. Only one fault I didn't get the complementary wipes and bags on one of my orders, but I still rate them very good.
- Brilliant service.
- My wife is my carer and she sorts all my things I need from you.
- Absolutely fantastic service. Extremely polite and helpful. Can't fault them.
- The supplier always telephones me every three to four weeks to see if I require any supplies. I give them details of what I want (usually the same every month) and they do the rest. I have never had any problems with them at all.
- No problems.
- Unnecessary amount of packaging.
- For many years I've been very happy with Fittleworth's service. They are very good and make sure they can meet my demands and very punctual in their delivery. I can't see any fault, highly recommend it to my friends and family.
- My prescriptions are raised by Nottinghamshire Appliance Management Service (NAMS).
- I wish to purchase dry wipes but I cannot, why? Ideal size for use with stoma bags.
- I have had to ring with queries on a number of occasions. Staff are friendly and polite. These queries have always been dealt with immediately and any further action required has been dealt with as promised, and deliveries have been prompt. I am completely satisfied with the service they provide.
- Wish every service was as good.

## Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 84

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	78	2	0	0	4
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(78 \times 100.00) + (2 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (0 \times 0)}{(84 - 4)}$$

Your mean percentage score for Q4a = 99%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

## Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	99	96	98	98	99	100

16354

\*Benchmarks are based on data from 38 dispensing locations surveyed between October and December 2019 with 40 or more responses and a total of 2,879 returned customer questionnaires.
