#### Introduction

This survey was designed to give you an insight into how your service is viewed by your customers. The report outlines the information that has been collected and analysed from your customers in the form of tables and graphs. Comparative benchmark data is provided where applicable. From the report you will be able to clearly pinpoint areas where you performed well and also those areas where you feel that improvements may be needed.

### Details of your survey

143 patient questionnaires were sent out and 72 completed questionnaires were returned giving a response rate of 50%.

A breakdown of all the questionnaires that were sent out and returned is provided in the following table:

Designation of questionnaires sent out	Number of questionnaires
Returned questionnaires	
Successfully completed by patient	72
Questionnaire blank	1
Patient deceased	2
Unreturned questionnaires	
Unreturned questionnaires	68
Total number of questionnaires	143

Why you contacted your appliance supplier recently and the response you received

## Q1: Why did you contact the supplier? To submit a NHS prescription for:

#### Customer comments

### Appendix 1 - Specified other reasons for contacting supplier from question 1:

- My father.
- To reorder supplies.
- Pinderfields Hospital discharged me several years ago after operation and gave me all I needed from Fittleworth used them to supply my needs ever since.
- Supplier had called by phone when I was out to see if I wanted to contact them to place my next order, which I did.
- The RB Hospital set the service up for me.
- Stoma nurse at Wexham Park Hospital arranged it for me in 2010.

# Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- It is not clear until my last phone call that I'm told I have to instigate the next order. In the past I've been called by
  phone four weekly for what I require. Now I ring them to place my order when my supply is low. This was not told
  to me about this change and I have waited longer now for my next order. Also I've just learnt you supply to my area
  every day but an order placed will take eight working days to be delivered. That is fine but I only found this out from
  my phone call to them. If you change policies it would be helpful to be informed. Just to add I've found the persons
  answering are mostly polite and considerate.
- I don't seem to get calls to check anymore. I haven't been able to order catheters recently due to awaiting some treatment to make it possible to use the catheters again. No one has rung me to check if things are OK, and if need any support. Fittleworth contact and support I personally feel has disappeared. No one has rung to check if all is OK as not ordered in a while.
- Invoices are not dated, despite several requests. I'm surprised Fittleworth's auditors allow this practice.
- My concern is when placing an order the suppliers i.e. Fittleworth blame the doctors for short prescription and vice versa. After my last dealing with suppliers, I explained due to the nature of my problem I don't order for the sake of it, I order to keep my complaint under control.
- Long wait on phone to place order.
- Fittleworth were the NHS Royal Berkshire Hospital's appointed stoma products supplier, following my cystectomy
  operation several years ago. I have always found their staff to be efficient and courteous and able to resolve any
  problems which occasionally occur. They phone me every month requesting my needs and give me a delivery date
  which is always accurate. I have no problem and am very satisfied with their service to me. Thank you.
- Excellent service over many years.
- Perfect service! All staff polite!
- It's perfect how it is now.
- Have told them to knock on door, if no reply put over back gate, previous delivery drivers were OK but new
  company just throw over back gate without knocking! Problem if it's wet and box is not protected by plastic. They
  always phone if problem on prescription, so they can sort out or I will phone doctors. Was problem when new
  electronic mail/orders not received but all seems OK now.
- I have always found Fittleworth polite and extremely efficient.
- I have had excellent service from Fittleworth for over five years.
- Fittleworth have been very good at delivering products sometimes GPs have not always signed prescriptions which obviously causes delay. Fittleworth always advise me when this has happened. When I did phone with a query they were unable to help me staff member told me they were not trained to do so. I believe some suppliers have a nurse that one could speak to.
- Fittleworth have been a very good supplier to me over the last few years.
- Only problem being supplier not receiving repeat prescription from doctors surgery on request.
- My wife is my long-standing carer and orders the things I need as I cannot talk very well on the phone. This works very well for me.
- Have always found them to be helpful, patient and courteous. When my surgery were pressing about sorting out
  my stoma bag deliveries, they sent me an emergency box of stoma bags for which I was very grateful. Have never
  had a problem with them and appreciate all they do.

#### Customer comments

- Re Q6, 7, 12 & 13 not applicable. Re Q8 these checks have been undertaken by the NHS stoma nurses and communicated to supplier at need. I am fully satisfied with this supplier and appreciate the friendliness/efficiency and sensitivity of their staff.
- They are doing already doing superb and incredible work. Thank you!
- No improvements needed as far as I am concerned. Never had a problem with supplying what I need, staff always helpful, deliveries always made the day that I am told.
- Staff when you phone always polite and cheerful. Never had a problem with the service at all. Even delivery driver is always polite and cheerful. Altogether a wonderful service. Thank you for all your help. Brilliant!
- Very good service, thanks.
- Sometimes delivery people do not ring twice. Everything is fine. Just recently the supplier delivered all my products
  to one of my neighbours but the note saying that was not put into my letterbox so I had to contact you to say that I
  have not received my order. My instructions are that if I am not at home then they leave at my backdoor and leave
  notecard in my letterbox.
- Telephone operatives are always very polite and professional, they speak clearly and are easy to understand. Repeat ordering is very simple.
- Excellent service for over several years.
- Re: Q7 Never a problem with stock, so no need to refer me to someone else. Re: Q13 Have never rung out of hours.

#### Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 72

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	66	5	0	0	1
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a
(number of Very good rating good ratings x 66.67) +(nu 33.33) +(number of Very po Don't kno	imber of Fairly poor	ratings x	x 100.00) +(5 x 66	.67) +(0 x 33.33) +	(0 x 0.00) +(0 x 0

(total number of customer responses number of Non rated responses) (100.00) +(5 x 66.67) +(0 x 33.33) +(0 x 0.00) +(0 x 0) (72 - 1)

Your mean percentage score for Q4a = 98%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100 Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0 Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100 Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

#### Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents 1/4 of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data
