Introduction

This survey was designed to give you an insight into how your service is viewed by your customers. The report outlines the information that has been collected and analysed from your customers in the form of tables and graphs. Comparative benchmark data is provided where applicable. From the report you will be able to clearly pinpoint areas where you performed well and also those areas where you feel that improvements may be needed.

Details of your survey

210 patient questionnaires were sent out and 93 completed questionnaires were returned giving a response rate of 44%.

A breakdown of all the questionnaires that were sent out and returned is provided in the following table:

Designation of questionnaires sent out	Number of questionnaires
Returned questionnaires	
Successfully completed by patient	93
Questionnaire blank	3

Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- The stoma nurse at James Cook recommended after operation.
- Hospital asked us to try.
- I put an order in to my surgery for stoma bags each month and the surgery orders directly from you (Fittleworth).
- NHS prescription supplied by Fittleworth over a number of years and currently. Monthly contact to confirm details and arrange delivery.
- Only contact supplier to enquire if they have received my prescription from the GP.
- About two months ago I receive a monthly reminder text from Fittleworth, excellent service.
- Normal order.
- Delivery.
- Non-delivery of order on due day.
- To order urostomy items.
- I would prefer to use website for ordering but the process is not fit for purpose.
- My doctor asks me to go through the surgery to request my prescription.
- Organised by NHS staff after my operation.

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- Service is very reliable, staff on the phone are always pleasant and helpful.
- Have used this service for many years and it has always been excellent.
- Have been unable to answer all questions as have not been applicable to me. So far the service I have received has been excellent.
- Satisfied with service.
- The service I get every time I ring up for my order is very good they are very polite and make sure that I've ordered everything I need and delivery date has always been delivered on that day nothing has been missing, the one time there was a problem with my prescription Fittleworth actually rang me to say there was a problem but it was my doctors fault and not Fittleworth's.
- Sometimes a mix up from my medical centre.
- I have used stoma bags for several years. Except for a short period, I have used Fittleworth, their service is excellent. The local dispenser who provided me with bags was poor so I went back to my own surgery and dispenser. This experience highlighted how good Fittleworth are for supplying my bags.
- A reliable, accessible, friendly service - much appreciated.
- Wonderful service every time. Thank you.
- In many years I have received excellent service. I only hope that the new means of supply will be as good.
- Supply is slow compared to internet ordering of the items. An unsuitable delivery was corrected swiftly.
- No comments, excellent in every way.
- I have used this service for many years and I have never had a problem with the service.
- I had two boxes and thought they both contained bags which they didn't, one included gels, therefore I ran out of bags because both looked the same. Is there a chance of repeat deliveries instead of having to ring to order.
- Really good service. Excellent customer service. Excellent delivery service.
- Service provided for a person in their 80s is excellent.
- Very good service all the time, well done.
- It did not arrive on specified time. They told me that their allocation had not arrived informing me that they would have it dispatched from another depot and sent out and delivered by Royal Mail, which was duly done the following day.

Customer comments

- The nurse from the stoma clinic requested a proprietary waistband for me - I was told when chasing up delivery it was a special item, five weeks later when I chased it up again, the supplier told me it had been delivered, but had no proof of delivery or signature for the item. I still don't have the "special item" waistband.
- Satisfied with the service provided. Could be a method of sorting out prescription sent by surgery to wrong supplier.
- All dealings with Fittleworth have been very helpful and easy to talk to.
- I would prefer to order via website, however the website is not user-friendly and quite frankly for ordering it is not fit for purpose - even my daughter who is technical got nowhere when trying to place order as my items did not appear - yes I am a registered user.
- To offer other stoma supplies for us to see if they are having difficulties, i.e. my night bags (the pipe comes away from the bag and leaks all over my carpet. So my carpet is unsanitary and smelly). I cannot afford a new carpet! Bags come away from body if I bend down, i.e. gardening or housework! Not very satisfactory.
- We have always had a good service. Polite, well mannered staff. No real issues.
- In my opinion, Fittleworth go more than the extra mile to make sure that you get your items in good time, and also make sure that there is enough extra items, such as black bags and wipes. I can't thank them enough for going that extra mile. Even when I have phoned the staff are absolutely super amazing. I know there are other companies out there, but I would not even consider their products as the products I receive are absolutely fantastic and I'm really proud to say that Fittleworth are absolutely out of this world. Thank you.
- I have dealt with Fittleworth for many, many years and cannot remember a time when I have received anything other than excellent service.
- Have had no problems with order and delivery since start up.

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 93

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	89	3	1	0	0
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(89 \times 100.00) + (3 \times 66.67) + (1 \times 33.33) + (0 \times 0.00) + (0 \times 0)}{(93 - 0)}$$

Your mean percentage score for Q4a = 98%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	98	96	98	98	99	100

*Benchmarks are based on data from 38 dispensing locations surveyed between October and December 2019 with 40 or more responses and a total of 2,879 returned customer questionnaires.
