#### Customer comments

#### Appendix 1 - Specified other reasons for contacting supplier from question 1:

- Prescription items were not dispatched.
- Nurse recommended.
- Bad postal delivery.
- I had a stoma.
- I requested box of 30 catheters for you to raise a prescription from my GP and post the catheters direct to my address.
- To order a delivery.

### Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- Fittleworth always contact me monthly re my order, give me a delivery date and negotiate a new date if any problems, such as holidays, etc., clash with delivery. Excellent service!
- Not a complaint, simply could improve text service. Was recently asked if I would agree to a text service, which I thought would be easier and more efficient rather than receiving a call monthly, so agreed. Received a text, instead of a call, the month after but I expected the text to say "do I want a repeat order". Text back "yes" and a delivery will be made. Instead it simply said for me to call and place an order so totally pointless service, called and reverted back to receiving a call monthly, which suits. Could improve the text service so it is more automated.
- None always been delivered as promised.
- The only comment I would make about Fittleworth is that they do not check prescription to ascertain if surgery has supplied to them what was ordered this is left until the order is delivered to the patient and left to patient to sort out.
- Fittleworth supply an absolutely excellent service.
- I have always found Fittleworth staff excellent, there has been the odd blip but this is expected over a ten year period.
- Very good service is provided by Fittleworth.
- GPs now request three working days' notice to collect prescriptions for posting to supplier. Fine the postal service changes the post box collection times which can cause a day's delay. I now order very early the month before using the products supplied, two/three weeks earlier.
- Always find all staff very helpful when phone order very polite. Get a check after couple of weeks to check everything OK or in need of anything. Delivery on time/that the date they will arrive. Thank you.
- When I was in hospital, having had a radical cystectomy I was able to use a mint-scented adhesive remover which my supplier said wasn't an option. I would prefer this if at all possible also, I used to get sent orange bags which I referred to the black ones which get sent now. Again no preferable choice allowed.
- They ignored my request (by letter) regarding date of delivery. We were away so my neighbour took it in, but they were also going away so it got a bit complicated!
- Fittleworth are superb and never fail me. Re Q8 my goods are delivered to me direct from Fittleworth no hassle whatsoever! I have my own nurse at the local hospital. Re Q14 don't think so.
- The three years I was with Fittleworth they gave me an excellent service very friendly on phone my order was with me every month never late. Good firm to be with.
- A most satisfactory service. On one occasion they were short of stock and they telephoned to see if I could survive
  the extra few days. I do not use all the products offered I restrict my order to the catheters and disposal bags. We
  order monthly so the only improvement I could suggest is to double each delivery.
- Staff are always friendly and helpful amazing customer service.

#### **Fittleworth Customer Feedback Report**

Number of customers providing feedback: 86

#### Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 86

| Questionnaire rating scale    | Very good | Fairly good | Fairly poor | Very poor | Non rated responses |

Your mean percentage score for Q4a = 99%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0. Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

#### Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data
