Percentages are of the total number surveyed.

#### Customer comments

#### Appendix 1 - Specified other reasons for contacting supplier from question 1:

- I had been in hospital for an emergency stoma operation and the doctor and nurse there started the prescription and gave me the first package and sent other information to my doctors surgery and they gave the prescriptions to order more, via them. Give order to doctors surgery and they order what I need.
- Via stoma nurse.
- I wrote a letter to my GP asking for the items I needed. Following the usual procedure I asked for my requirement to be supplied by Fittleworth.
- Because you were the one they said about.
- Had an operation on my bowel and was left with a stoma. So the William Harvey Hospital doctor prescribed the
  equipment.
- My prescriptions are sent straight from my doctors surgery.
- · To check prescription arrived.
- To request Fittleworth cut a different size hole in my pads. There were excellent and did it twice!
- Every month I email my doctors to submit an order to Fittleworth for my supplies.
- My doctor contacts the supplier, not me.
- To check that my prescription had been received from my doctor's practice (it had).
- I contact my medical centre for my next prescription to be sent to Fittleworth. I only contact them in event of a problem.
- Something had been missed off the order but the problem was quickly rectified.

### Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- Having a stoma for only a few months, I find the company very helpful and hope it continues. They give confidence to live with the stoma and drainage systems.
- Many questions do not apply. Due to mechanism used to obtain supplies ongoing I send a detailed typed out repeat prescription to my GP. The GP contacts Fittleworth and orders the items I requested. The items are delivered within a few days.
- I have no problems with the service you provide. It's excellent the way you explain that once you used 10 stoma bags then send my prescription in all 72 hours, which I do but it my GP that just doesn't send it to you and then I panic because I am running out like this month I put my order in on the 4th November they never sent it to you until the 19th November. Just wish we did not have to go through the doctors.
- Don't like new delivery services always late delivery when old one was always early. Have changed supplement items and find it hard with my conditions to use please go back to old wipes.
- All staff at Fittleworth including delivery drivers are friendly and helpful.
- Have to phone all the time about delivery (waiting for someone to answer about 20-30 minutes) then have to
  phone again as when told will get delivery, this doesn't happen. I'm chasing them all the time and have made
  complaints but nothing improves!
- The prescription goes through my doctors but I've never had any problems.
- I feel it could be improved how long it takes for deliveries to be delivered to my house as it can take up to eight or nine days.
- My prescriptions are obtained via my GP.
- They are totally reliable. Excellent service and telephone support if required.
- When contacted by telephone staff were friendly and helpful, taking time to ensure my query had been answered.
- I have every confidence that I am in good hands.
- All supplies ordered via my GP dispensary so these answers relate to my interaction with them also.
- My doctor contacts the supplier directly but my prescription is delivered promptly and discreetly.

#### Customer comments

- On two occasion my sort of appliance was not in stock and I had to wait longer than usual to receive it. Fortunately I always send for my prescription before I have run out, so I had enough reserved to see me through.
- The service has always been very good, however, I have never had direct contact with Fittleworth, as I have to order via the surgery. This does mean that sometimes it takes a week for delivery. I have had deliveries for six years and the one time it didn't arrive, I think was probably due to the surgery not putting through the order. So on the whole very happy with the service, just maybe it would be easier to be able to order direct.
- I have always been provided with a great service and everyone I have ever spoken to have always been very
  professional and friendly.
- But I did call on behalf of my mum to ask for a replacement clip that was in her first bag she was given by the stoma nurse after she had the operation. This clip helps hold your clothes out of the way.
- Re Q13 I have never contacted them out of hours so have written N/A. I have found this service very good, excellent service from all members I have spoken to, very helpful and above all very polite at all times. Keep up the good work.
- Only not excellent once when they were very short of staff due to COVID.

#### Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 80

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	63	6	0	0	11
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

(number of Very good ratings x 100.00) +(number of Fairly good ratings x 66.67) +(number of Fairly poor ratings x 33.33) +(number of Very poor ratings x 0.00) +(number of Don't know ratings x )

 $(63 \times 100.00) + (6 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (1 \times 0)$ 

(total number of customer responses - number of Non rated responses)

(80 - 11)

Your mean percentage score for Q4a = 97%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

#### Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean	ean Benchmark data (%)*				
	score (%)	Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	97	94	97	97	98	100

\*Benchmarks are based on data from 38 dispensing locations surveyed between November 2021 and February 2022 with 40 or more returned questionnaires and a total of 4,086 returned customer questionnaires.

### **Dispensing Appliance Contractor**

### **Customer Questionnaire**

At Fittleworth we are always looking to improve our service. We have decided to take a moment to collect the views of our customers. We will ask about your experience and the services you receive from Fittleworth. We have partnered with CFEP UK Surveys to do this. All responses are anonymous.

To complete the survey, please mark the boxes like this 🗵 with a blue or black ball-point pen. If you change your mind just cross out your old response and make your new choice. If you are unable to answer a question, or a question doesn't apply to you, please leave it blank. Once the survey is complete, please post it using the pre-paid envelope provided.

Alternatively, if you wish to complete the questionnaire online, a web version can be found at:
