Customer comments

Appendix 1 - Specified other reasons for contacting supplier from question 1:

- For my 14 year old daughter's medical supplies.
- This is what I was advised to do many years ago to get my next supply of appliances which I use.
- Being new to stoma supplies, we were not told what to do for ordering supplies and we had to contact Fittleworth direct.
- Stoma nurse.
- Hospital did.
- I was out when they phoned to renew my prescription.
- Fittleworth phoned me to remind me to order. They often do.
- Just the way the order had been started.

Appendix 2 - Customer comments from question 16 about any of the questions and how the service from this supplier could be improved:

- In several years of dealing with Fittleworth I've had no major issues. Friendly and efficient.
- Excellent staff, treat you with the utmost respect if you're running low on stuff they go out their way to get it to you. One staff member is just the best!
- I am very pleased with the service I get.
- Any delay occurs at the doctors surgery - not returning approved prescriptions.
- Re Q12c - Never seen the vehicle that delivers due to it being in a car park at end of houses.
- Nothing excellent service.
- Absolutely delighted in the services. Former New Zealander, now resident in Edinburgh, the services, staff and deliveries are outstanding. Thank you to all concerned.
- I always have great service when I phone for my son's catheter, very friendly staff on the phone. Couldn't be happier with your service. Amazing. Thank you.
- I am fairly new to this company and the staff I have contacted by telephone have been nothing but helpful - very pleased with the service provided. Thank you!
- Very reliable. Staff on telephone so helpful.
- Order goes in 14 days before. Always arrives on time. No problems with delivery. And always correct catheter. Phone answered quickly and no problems!
- Can't see how the service can be improved as the service is excellent.
- I feel that delivery time could be improved.
- Excellent service and offered a reminder via text to say an order was due, and being a carer for two elderly parents, this was a great help as I've forgotten a couple of times before and had to collect from premises, so now not an issue.
- Delivery has not been as reliable from the new delivery courier, whereas Royal Mail was always "spot on".
- We have only received one supply.
- Service can only be improved if surgeries ensure speedy action with prescriptions.
- Everything is handled in a professional manner and this makes a difference, when personal need, feel valued.
- So far I am impressed with your service, particularly your staff.
- Every time I phone for my order the people there are so helpful and always talk to you if you have any problems. Great service.
- Q6 - The only delay in supplying orders was when the prescription was delayed by my doctor's surgery but was phoned about delay and asked if I had enough supplies to last until the prescription was received.
- The staff are always polite and helpful and sound like they enjoy their work.

Customer comments

- I have always received excellent service from Fittleworth. They have always kept me informed when my GP is slow with the prescription. They are caring and helpful and go out of their way to support me. Thank you Fittleworth.
- I have dealt with Fittleworth for over 10 years, and their service has always been excellent and their staff extremely pleasant and helpful.
- Sometimes takes a long time to get through on the telephone. We do not have internet access so this is a problem as time is at a premium if you are a carer. Service is otherwise very good, sensitive and reliable. Thank you for opportunity to give feedback.
- I recently placed an order by email prompted to do so by a text message. The order for stoma bags never appeared. When I chased it up by phone to Scotland office they could find no trace of my order at all - despite numerous emails back and forth ref the email order to me. I was almost out of bags when new order arrived. Very distressing.
- They are excellent.
- A few times my surgery has been slow at sending the prescriptions to the supplier but they (the supplier) have always helps make sure that I always had a supply of my catheters when I've needed them. Great service.
- Recent issue with stoma hole size. A change was made and I received an order with the correct size. The last order I received reverted to the previous hole size. There was no record of the new size requirement.

Details of score calculation

The score provided for each question in this questionnaire is the mean (average) value of all of the ratings from all customers who completed the question. It is expressed as a percentage - so the best possible score is 100%. Non-rated responses (blank/spoilt or 'Don't Know') are not used in the score calculations. (A blank response is where a customer did not respond to the question and a spoilt response is where more than one tick box option was chosen or the questionnaire was defaced).

Example from your Q4a Polite and took time to understand needs?

Total number of customer responses = 138

Questionnaire rating scale	Very good	Fairly good	Fairly poor	Very poor	Non rated responses
Number of ratings	132	4	0	0	2
Value assigned to each rating	100	66.6666	33.3333	0.00	n/a

$$\frac{(\text{number of Very good ratings} \times 100.00) + (\text{number of Fairly good ratings} \times 66.67) + (\text{number of Fairly poor ratings} \times 33.33) + (\text{number of Very poor ratings} \times 0.00) + (\text{number of Don't know ratings} \times 0)}{(\text{total number of customer responses} - \text{number of Non rated responses})} = \frac{(132 \times 100.00) + (4 \times 66.67) + (0 \times 33.33) + (0 \times 0.00) + (0 \times 0)}{(138 - 2)}$$

Your mean percentage score for Q4a = 99%

The same basic calculation method is used for all the questions where a mean percentage score has been provided, but the values assigned to the ratings will differ depending on the number of rated responses available.

For ease of understanding, below are the details of the values assigned to the ratings in each question where we have provided a mean percentage score:

Q3 - Not at all easy = 0, Fairly easy = 50, Very easy = 100

Q4 - Very good = 100, Fairly good = 66.6666, Fairly poor = 33.3333, Very poor = 0

Q9 - Not at all satisfied = 0, Not very satisfied = 33.3333, Fairly satisfied = 66.6666, Very satisfied = 100

Q15 - Poor = 0, Fair = 25, Good = 50, Very good = 75, Excellent = 100

Explanation of quartiles

In statistics a quartile is any one of the three values that divide data into four equal parts, each part represents ¼ of the sampled population.

Quartiles comprise:

Lower quartile, below which lies the lowest 25% of the data

The median, cuts the data set in half

Upper quartile, above which lies the top 25% of the data

Question	Your mean score (%)	Benchmark data (%)*				
		Min	Lower Quartile	Median	Upper Quartile	Maximum
Q4a Polite and took time to understand needs?	99	94	97	97	98	100

*Benchmarks are based on data from 38 dispensing locations surveyed between November 2021 and February 2022 with 40 or more returned questionnaires and a total of 4,086 returned customer questionnaires.
